

## Solaris/Java Training

| Course      |  | Duration | Cost (US) | Date(s)   |
|-------------|--|----------|-----------|-----------|
| MC-SYS-119  | UNIX Fundamentals of the Solaris 9 Operating System                                | 4 days   | \$1,300   | 09/15/08  |
| MC-SYS-239  | Transitional System Administration for the Solaris 9 Operating System              | 5 days   | \$1,800   | 09/22/08  |
| MC-SYS-299  | Developed System Administration for the Solaris 9 Operating System                 | 5 days   | \$2,100   | 09/29/08  |
| MC-SYS-399  | Network Management for the Solaris 9 Operating System                              | 5 days   | \$2,100   | 10/06/08  |
| MC-SYS-100  | UNIX Fundamentals of the Solaris 10 Operating System                               | 4 days   | \$1,300   | 09/15/08  |
| MC-SYS-200  | Fundamentals of System Administration for the Solaris 10 Operating System: Part I  | 5 days   | \$1,650   | 09/22/08  |
| MC-SYS-202  | Fundamentals of System Administration for the Solaris 10 Operating System: Part II | 5 days   | \$2,000   | 09/29/08  |
| MC-SYS-300  | Networking Management for the Solaris 10 Operating System                          | 5 days   | \$2,000   | 10/6/08   |
| MC-SYS-225  | Solaris 10 Elements for Skilled Solaris System Administrators                      | 5 days   | \$2,000   | 10/06/08  |
| MC-SYS-229  | Solaris 10 ZFS Management  | 2 days   | \$950     | 10/13/08  |
| MC-SYS-245  | Shell Encoding for System Maintainers  | 5 days   | \$1,650   | 09/15/08  |
| MC-SYS-327  | Performance Regulation & Troubleshooting with Dtrace                               | 3 days   | \$1,400   | 09/22/08  |
| MC-SYS-400  | Quality Operation Management for the Solaris System                                | 5 days   | \$2,200   | 10/6/2008 |
| SBC-391     | Solaris 9 System Management Training Series  | 5 days   | \$3,500   | 10/13/08  |
| MC-SEC-300  | Managing Security on the Solaris Operating System                                  | 5 days   | \$2,100   | 10/20/08  |
| MC-SEC-301  | Implementing Security on the Solaris 10 Operating System                           | 5 days   | \$1,925   | 10/27/08  |
| MC-SEC-345  | Network interference Detection   | 5 days   | \$1,925   | 11/03/08  |
| MC-JVA-110  | Essentials of the Java Programming Language  | 5 days   | \$1,100   | 09/15/08  |
| MC-JVA-275  | Java Programming   | 5 days   | \$1,100   | 09/22/08  |
| MC-JVA-285  | Performance Tuning and Troubleshooting with DTrace                                 | 5 days   | \$1,650   | 09/29/08  |
| MC-JVA-310  | Operating the Java EE Platform   | 5 days   | \$1,650   | 10/06/08  |
| MC-JVA-314  | Solaris System Performance Management  | 5 days   | \$1,650   | 10/13/08  |
| MC-JVA-425  | Implementing Enterprise Java Applications  | 5 days   | \$1,300   | 10/20/08  |
| MC-JBC-7585 | Java Training Series   | 5 days   | \$3,000   | 10/27/08  |
| LDP-351     | LDAP in the Solaris Operating Environment  | 3 days   | \$1,000   | 11/24/08  |
| MC-SYM-101  | Essentials for Solaris System Maintainers  | 5 days   | \$1,500   | 09/15/08  |
| MC-SYS-350  | Fault Analysis (Seminar)   | 5 days   | \$1,925   | 09/22/08  |
| MC-SYS-276  | Experienced UNIX Administrators  | 5 days   | \$1,925   | 09/27/08  |
